ACTIVE SHOOTER...

Regional Training
Seminar

READINESS, RESPONSE, AND RECOVERY

The odds of an Active Shooter situation occurring at your workplace are remote, but the impact is always devastating. **The Active Shooter... Readiness, Response and Recovery** training seminar focuses on understanding and responding to an Active Shooter event by highlighting case examples, exploring early warning signs and prevention strategies, as well as presenting individual and organizational response strategies to survive the unthinkable.

Who Should Attend?

This seminar is essential for anyone who is specifically charged with the safety and security of the people within their organization.

- Corporate Leadership
- Security Professionals
- Security Managers
- Government Executives & Managers
- Risk Managers
- University & Campus Security
- Law Enforcement
- NGO's & non-Profits
- HR Managers

Who is the Active Shooter?

Learn perspectives and insights on the nature of violence.

What is the threat?

Learn the internal and external dangers, early warning signs and prevention strategies.

What can you do to survive?

Learn strategies that could save your life and those you protect.

What can your organization do?

Explore Best Practices and receive the CPPS Active Shooter Response Planning Guide.

Course Description

The Active Shooter... Readiness, Response and Recovery Training Seminar addresses the Active Shooter providing perspectives and insights on the nature of violence. Internal and external dangers that define a potential Active Shooter threat are also addressed, as well as early warning signs and effective prevention strategies. It is possible to survive an Active Shooter incident if you know how to respond. Participants will learn response options to survive the unthinkable, how to train others AND how to establish or refine an Active Shooter Prevention Plan within their own organization. All participants will receive a complimentary copy of the CPPS Active Shooter Response Planning Guide.

Tuition for the one-day seminar is \$395.00 and includes the DVD training program entitled, FLASH POINT; Recognizing and Preventing Violence in the Workplace.* This is a \$695 value! The Center for Personal Protection and Safety is accepting registrations at **1-800-990-4541** or online at www.CPPSsite.com.

***Limit one per student | No substitutions**
